Before Our Very Eyes: The Abandonment of God's Law on Our Watch (-) Ladonna Jackson

Before Our very Eyes points out how the laws of man have taken complete precedence over God's Law within the governments of man. It exposes how greed and the lust for power among many other scenarios are the determining factor on how mans laws are written and imposed upon the various societies of human beings. It explains how mans laws are geared to benefit certain individuals deemed to be of a higher rank in society due to their financial wealth or royal lineage. It reveals how mans laws incorporate the spirit of privilege by a particular race, culture, gender, ethnicity, class and society over another. It brings the Holy Bible back to the forefront of today's global madness and chaos due to mans unrighteous laws. It connects the word of God thru scripture found only in the Bible as to the solution for what ails mankind, and it is thru God's Law that man will save himself from himself and gain true salvation.
