**Fire and Ice (Dark Dreams Book 1)** Shawn Hilton, Toni Force

In the first novel of the Dark Dreams series, Fire and Ice, you meet Scott and Armida, two people who feel real in their not so fantastic preternatural lives.

Scott: 20 years ago he was sure that he had found the perfect love that everyone, man or women, in the world looks for, then it slipped through his fingers as she ran on very cold feet. It has made him angry. It has made him cold in his rage.

Armida: She had found the perfect man. He was everything she ever wanted or needed, no matter that her family did not like him as much as she had hoped. Then he changed and became so different that she was scared of losing everything she was to his very dominant heart. No matter how much heat she brought to the table, the fear of the dark and unknown would not leave her.

20 years have passed and the world has moved on, they had moved on. But sometimes the world knows you have to look back and understand the past, before the future can be lived.

Enjoy the ride as they fight for their rights in a world where Vampires are more accepted than they are.

Love in a world where finding a mate could be a death sentence from her people, and that is just a typical Monday.

Welcome to the world of the Michigan Shapers.
