**The authority of the Harrison's Manual of Medicine, 19th edition, in the palm of your hand**

*Harrison's Manual of Medicine, 19th edition* is a full color, portable distillation of the most clinically relevant content of *Harrison's Principles of Internal Medicine, 19th edition*. This authoritative guide has been updated completely since the last edition, reflecting the latest clinical developments in medicine, and focusing on diagnosis and treatment with an emphasis on everyday patient care.

Covering all diseases and conditions seen commonly in general medical practice, the Manual provides authoritative *Harrison's* content for use at the point of care, when a more thorough reading of the main *Harrison's* text is not possible. Algorithms, tables, bulleted lists, color images, and abbreviated text make this guide an easy to access companion to the parent *HPIM*. More than just a synoptic text, however, this Manual is perfect for when you need on-the-spot answers to clinical issues and problems you'll face in the field everyday.
