Management and Cost Accounting

Colin Drury

Management and Cost Accounting Colin Drury

Drury's Management & Cost Accounting is the market-leading European text on management accounting and is a comprehensive authority on all aspects of the subject. The book has been streamlined and substantially redesigned in its 7th edition to make it much shorter and easier to use. There are downloadable and interactive resources for the book at www.drury-online.com. The aim of the seventh edition is to explain the principles involved in the design and evaluation of management and cost accounting information systems. The emphasis in the book is on management accounting systems - those that are used to accumulate, classify, summarize and report information that will be used for internal decision-making purposes within an organisation. However, cost accounting systems, that record cost information for external reporting and internal profit measurement purposes, are also comprehensively covered. In summary, this new edition has been brought fully up to date with the latest developments in the subject, is much shorter and more integrated with the web resources for the book, and reverts to the system of having lecturer's questions in the book, with answers on the password-protected side of the site.

From reader reviews:

Richard Hood:

Hey guys, do you really want to find a new book to read? Maybe the book with the concept Management and Cost Accounting suitable to you? The book was written by famous writer in this era. The book titled Management and Cost Accounting is one of several books that will everyone read now. This book was inspired a lot of people in the world. When you read this e-book you will enter the new dimensions that you ever know just before. The author explained their strategy in the simple way, thus all of people can easily to recognise the core of this reserve. This book will give you a lots of information about this world now. In order to see the represented of the world with this book.

Mary Crouch:

With this era which is the greater individual or who has ability in doing something more are more precious than other. Do you want to become one among it? It is just simple approach to have that. What you must do is just spending your time very little but quite enough to experience a look at some books. One of many books in the top list in your reading list is usually Management and Cost Accounting. This book that is certainly qualified as The Hungry Slopes can get you closer in growing to be precious person. By looking upwards and review this guide you can get many advantages.

Rachel Glidewell:

As we know that book is important thing to add our information for everything. By a publication we can know everything we would like. A book is a group of written, printed, illustrated as well as blank sheet. Every year had been exactly added. This publication Management and Cost Accounting was filled concerning science. Spend your time to add your knowledge about your research competence. Some people has different feel when they reading a book. If you know how big benefit of a book, you can experience enjoy to read a reserve. In the modern era like right now, many ways to get book that you simply wanted.

Lyle Morales:

As a university student exactly feel bored to help reading. If their teacher asked them to go to the library or to make summary for some e-book, they are complained. Just very little students that has reading's spirit or real their hobby. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that reading through is not important, boring and also can't see colorful photographs on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So, this Management and Cost Accounting can make you sense more interested to read.
