Cosmic Consciousness Revisited: The Modern Origins and Development of a Western Spiritual Psychology Robert M. May

Combining scholarship & spiritual depth, May portrays the development of the modern shift in the paradigm of human consciousness. He writes of the importance of the work of Richard Bucke, the father of Western Spiritual psychology, & the author of the landmark book, "Cosmic Consciousness". He then proceeds to trace the subsequent development of the emerging spiritual & transpersonal psychologies & relates their evolution to the great spiritual traditions as well as to the future direction of human spiritual & psychological evolution. Of interest to all who seek to gain a contemporary & forward looking understanding of the spiritual nature of human existence.
