Finance Made Easy Series has been designed to cater to managers and executives with little understanding of finance and little time to read treatises on financial management. Hence, it seeks to demystify apparently complex financial statements and help create a finance-savvy executive class, the key to fiscally sound and successful businesses. A lucid, creative and concise exposition of financial statements, their components, jargon and computational methods along with short stories and numerical examples makes for an engaging read for busy professionals. How to Read a Balance Sheet focuses on Balance Sheet, arguably the most important and revealing of all financial statements of any business organization. The book covers: Definition, overview, and importance of a balance sheet; Key components of a balance sheet, their constituents and methods of calculation; Various formats of a balance sheet with examples; Analysis of a balance sheet with examples; Exercises with answer keys Using simple language and short stories to set the stage and tone for theoretical discussions, it helps non-finance executives make sense of jargon-laden balance sheets of their firms.
