The Autobiography Of Malcolm X As Told To Alex Haley(With A New Forward By Attallah Shabazz)

The Autobiography of Malcolm X defines American culture and the African American struggle for social and economic equality that has now become a battle for survival. Malcolm's fascinating perspective on the lies and limitations of the American Dream, and the inherent racism in a society that denies its nonwhite citizens the opportunity to dream, gives extraordinary insight into the most urgent issues of our own time. The Autobiography of Malcolm X stands as the definitive statement of a movement and a man whose work was never completed but whose message is timeless. It is essential reading for anyone who wants to understand America.
