## **Addison's Walk: An English Major's Travel Journal** Bailey Gillespie

What started as a few homework notes penned on the backs of napkins and hotel stationary, morphed into a travel memoir inspired by William Jessup University's Literature & Theater study abroad trip. Together, these vignettes highlight the best and the worst adventures during one of Great Britain's coldest winters of the century. Combining humor with literary insight, Gillespie offers a unique romp around Europe that you can savor from the comfort of your toasty-warm armchair. The author doesn't blame you for any sadistic laughter ensuing from her misfortunes, but she may enact revenge by withholding a sequel.
