## **Joss Whedon: The Biography** Amy Pascale

From the cult favorite *Buffy the Vampire Slayer*, which netted four million viewers per episode, to the summer blockbuster *The Avengers*, which amassed a box office of \$1.5 billion, Joss Whedon has made a name for himself in Hollywood for his penchant for telling meaningful, personal tales about love, death, and redemption even against the most dramatic and larger-than-life backdrops. This biography follows his development from a creative child and teenager who spent years away from his family at an elite English public school, through his early successes—which often turned into frustrating heartbreak in both television (*Roseanne*) and film (*Buffy the Vampire Slayer*)—to his breakout turn as the creator, writer, and director of the *Buffy* television series. Extensive, original interviews with Whedon’s family, friends, collaborators, and stars—and with the man himself—offer candid, behind-the-scenes accounts of the making of groundbreaking series such as *Buffy*, *Angel*, *Firefly*, and *Dollhouse*, as well as new stories about his work with Pixar writers and animators during the creation of *Toy Story*. Most importantly, however, these conversations present an intimate and revealing portrait of a man whose creativity and storytelling ability have manifested themselves in comics, online media, television, and film.
