Hellbent /adj./ very determined to do something, especially when the results might be bad.

A year has passed. Marine and security specialist Domino Taylor refuses to go back to work. His days and nights are spent shadowing the Lambert family, the guilt he feels for the tragic events that unfolded in western Pennsylvania haunting him without mercy.

When someone from Domino's past contacts him, she begs him to take on one last job. Find and return her kidnapped son.

Domino agrees to help, not knowing that the truth behind the kidnapping is far more sinister than anything he can possibly fathom.
