Complementary Medicine for Veterinary Technicians and Nurses Nancy Scanlan

Complementary Medicine for Veterinary Technicians and Nurses is the first resource on holistic veterinary care written specifically for the veterinary technician. Organized by treatment modality, the book offers practical information designed to help readers develop an understanding of each modality, assist with procedures associated with holistic medicine, and knowledgeably discuss treatment options with clients. Outlining the respective roles of technicians and veterinarians throughout, this book is a welcome reference for readers looking to expand their knowledge of complementary veterinary medicine and introduce additional treatment options in their practice.
