**New Testament Greek: A Beginning and Intermediate Grammar-Key to Exercises** James A. Hewett  
"In preparing the "Key to Exercises for New Testament Greek" I have sought to convey the sense of the Greek constructions (e.g., tense, mood, case, or structure), sometimes with the consequence of awkward English expressions. There are at least a dozen versions of the New Testament which may be consulted for smooth, idiomatic English. The intent here is to provide a translation of Greek that shows how the Greek writers express themselves and that calls to the student's mind some of the possible alternatives conveyed by a given Greek construction.'" from the author's preface\*See "New Testament Greek: A Beginning and Intermediate Grammar"
