Opening with a thorough survey of Latin-American immigration to the United States and closing with an illustration-rich discourse on being a Hispanic-American psychotherapist in this country, the contributors examines with both normative and psychopathological realms. Help-seeking patterns, vulnerability of some Hispanic youth to drugs and gang-related affiliations, and the fine technical adjustments in conducting psychotherapy with individuals of this growing subpopulation are elucidated with great compassion and empathy. *The American Latino* is a shining document of the coexistence of universal similarity and cultural uniqueness of the human psyche.
