Drugs Are NOT the Devil's Tools: How Discrimination and Greed Created a Dysfunctional Drug Policy and How It Can Be Fixed (Volume 1) David Bearman M.D.

Drugs are NOT the Devil's Tools is an engaging, thoughtful, beautifully illustrated and well-researched examination into the origin of United States drug laws. Dr. David Bearman shows how, through intertwining motives of discrimination and greed, often under the guise of morality, the government has created a drug policy that is completely dysfunctional. As he points out, our drug laws have been very effective in further marginalizing already discriminated-against groups and a total failure in every other respect.
