**How Not to Stay Single After 40** is a step-by-step program full of helpful hints, explicit goal-setting instructions, eye-opening anecdotes, and motivational thoughts specifically geared toward women over forty who want to find lasting love. As relationship expert Nita Tucker explains, "Women over forty think that dating is a very different experience--well, it is! What most women don't realize is that having a relationship at this point in their lives can be richer, happier, and more fulfilling."

This results-oriented book teaches you that wanting a relationship is nothing to be ashamed of, that staying in a dead-end relationship will keep you from finding a thriving one, that there are simple and effective ways to increase the odds of meeting the right kind of people, and that you're a good catch and shouldn't hide it.

**How Not to Stay Single After 40** presents a unique plan of action for finding that elusive, emotionally fulfilling relationship. It shows you how to stop waiting and how to start making the connection happen. Unlike other relationship books, this one is about changing what you're doing, not about changing you.
