Holy Land, Holy City: Sacred Geography and the Interpretation of the Bible

Robert P. Gordon

Holy Land, Holy City: Sacred Geography and the Interpretation of the Bible Robert P. Gordon

What connections exist between the physical geography of Israel and the spirituality of biblical faith? How was the physical space conceived as sacred space? In a wide-ranging study, Professor Robert Gordon leads the readers from the Garden of Eden to Jerusalem, from Genesis through the Psalms and the gospels to Revelation and onwards through the patristic period, the Middle Ages and the nineteenth and twentieth centuries. Gordon shows in particular how topography of Jerusalem and its environment have been used in diverse ways in the spirituality of Jews and Christians over the centuries. The vexed question of land disputes between Israel and the Palestinians is also considered. Holy Land, Holy City offers a current and contemporary reading of sacred geography in the Bible.
