## The Turn of the Screw (Bedford Series in History & Culture) Henry James

This volume presents the text of the New York Edition of James's classic 1898 short novel along with critical essays that read *The Turn of the Screw* from contemporary reader-response, psychoanalytic, gender, and Marxist perspectives. An additional essay demonstrates how several critical perspectives can be combined. As in the first edition, the text and essays are complemented by biographical and critical introductions, bibliographies, and a glossary of critical and theoretical terms.
