## **Victorian Gothic House Style: An Architectural and Interior Design Source Book for Home Owners**

Linda Osband

As Linda Osband demonstrates in this fact-filled volume, the Gothic Revival caught the fancy of many Victorians who sought refuge in supposedly simpler days. Picturesque castles and cathedrals with spiky towers, high-gabled roofs and medieval ornament provided just the escape needed from all the rigours and gritty reality of the industrial revolution. A celebration of one of the most exuberant styles of the period, Victorian Gothic House Style provides the ideal source of inspiration and reference for anyone wishing to re-create or preserve Gothic houses and interiors with style and confidence, by combining specially commissioned photographs and extensive source material from contemporary catalogues with informative and practical text. Accompanied by an historical appreciation of the period in architecture and interiors, as well as through its influential designers, there is practical information on re-creating the effect plus a comprehensive list of stockists and suppliers.
