***New York Times* bestseller, *Family Circle* and *Washington Life* Top Book Pick!**

The bestselling author of *Fragile* returns to *The Hollows*, delivering a thriller that explores matters of faith, memory, and sacrifice.

After giving up his post at the Hollows Police Department, Jones Cooper is at loose ends. He is having trouble facing a horrible event from his past and finding a second act. He's in therapy. Then, on a brisk October morning, he has a visitor. Eloise Montgomery, the psychic who plays a key role in *Fragile*, comes to him with predictions about his future, some of them dire.

Michael Holt, a young man who grew up in *The Hollows*, has returned looking for answers about his mother, who went missing many years earlier. He has hired local PI Ray Muldune and psychic Eloise Montgomery to help him solve the mystery that has haunted him. What he finds might be his undoing.

Fifteen-year-old Willow Graves is exiled to *The Hollows* from Manhattan when six months earlier she moved to the quiet town with her novelist mother after a bitter divorce. Willow is acting out, spending time with kids that bring out the worst in her. And when things get hard, she has a tendency to run away--a predilection that might lead her to dark places.

Set in *The Hollows*, the backdrop for *Fragile*, this is a riveting story with devastating consequences. The result is Lisa Unger's most compelling fiction to date.
