This Cosmetic Tattooing Permanent Makeup Micro-pigmentation Training Manual, contains everything you will require to enter the field of becoming a permanent makeup technician. There are all the modules required by The Australian Standards and International Micro-pigmentation Standards. You would be well advised to read the index pages of the book as there are far too many modules contained in the book to be named here. After 40 years of training others, Robyna has now retired. All her handwritten notes have been compiled and placed into training manuals. Robyna asked her students to assist with the book and tell her what they needed. The book was given a trial run several times to see if students could work through the book and use it as a reference and how to guide. With their input the book was revised twenty times before it was released for sale. Robyna first produced the book called "Cosmetic Tattooist Micropigmentation Training Manual" in 2007. Without hesitation we recommend this book, to both professional tattooist and students. You would be well advised to have this book in their collection. Robyna was proud to be chosen to sit on the committee to rewrite the Australian Standards in the Early 1990s and again in 2007 - 2010 for the Hair, Health and Beauty industry. To add to her credits Robyna has been presented with several industry awards. This book was published as a PDF on CD in 2010 and has since been revised.
