Pioneers of Faith Gerald N. Lund

Fire of the Covenant In the summer of 1856, three companies of handcarts were outfitted and sent west from Iowa to the Valley of the Great Salt Lake. All went well, and they arrived without undue incident. But two additional companies — one captained by James G. Willie, and the other by Edward Martin — left England late in the season. When they arrived at Iowa City, they were long past the time for safe departure across the plains. By the time they left Florence, Nebraska, with still more than a thousand miles to go, it was near the end of August. As if that were not serious enough, President Brigham Young thought that the arrival of the third company ended the migration for that season and ordered the resupply wagons back to Salt Lake.

Fire of the Covenant is the story of those handcart pioneers and their exodus to the Salt Lake Valley. Author Gerald N. Lund has used the same techniques present in The Work and the Glory series to blend fictional characters into the tapestry of actual historical events, making this a story filled with all the elements of great drama — tragedy, triumph, pathos, courage, sacrifice, surrender and faith.

To learn what happens to Jens Nielson and others, read about what happens after they reach the Salt Lake Valley in, "The Undaunted."

Undaunted

The journey was impossible.

But they had no other choice.

At the call of their prophet, they left well-established farms and businesses to strike out yet again into the untamed wilderness. A small band of men, women, and children formed the 1879 pioneer company.

Their mission: stand as a buffer between lawlessness and civilization.

Their road: only what they created themselves, blasting out a perilous trail over slick rock and through desolate cliffs.

Their hearts: UNDAUNTED.

When it comes to creating spellbinding historical fiction, nobody does it quite like Gerald N. Lund. In The Undaunted, he transports readers first to the coal mines of Yorkshire, then across the ocean and the plains to the territory of Utah, where, even in 1879, there is pioneering to be done.

A little-known and perhaps even less-appreciated chapter in the Church's history comes to life in this gripping story of a stalwart group of Saints called to create a settlement to serve as a buffer between the established communities of Utah and the lawless frontier of the Four Corners area. Their challenge will be

enormous — but the biggest part of it just may be getting there in the first place.

Skillfully interweaving historical figures and events with fictional characters, Gerald Lund takes us through the Hole in the Rock and over miles of uncharted country that even today is impassable without all-terrain vehicles. His account of the adventure, romance, and sacrifices of these undaunted pioneers will resonate with readers who love a good story as well as those who want to better understand the incomparable legacy and unconquerable faith of those valiant Saints.
