## **The Construal of Spatial Meaning: Windows into Conceptual Space (Explorations in Language and Space)** Carita Paradis, Jean Hudson, Ulf Magnusson

This book considers how language users express and understand literal and metaphorical spatial meaning not only in language but also through gesture and pointing. Researchers explore the ways in which theoretical developments in language and cognition, new empirical techniques, and new computational facilities have led to a greater understanding of the relationship between physical space and mental space as expressed in human communication.
