Community and Public Health Nursing: Evidence for Practice Gail A. Harkness DrPH RN FAAN, Rosanna DeMarco PhD APRN BC ACRN

Develop the critical thinking skills and complex reasoning abilities you need to make connections between data and community and public health practice decisions with *Community and Public Health Nursing, 2nd Edition*. Succinct, manageable, and logically organized, the book focuses on the individual in the context of the community setting and on the global community, reflecting increasingly global healthcare concerns,

- **Principles of epidemiology and basic biostatistics are integrated with core principles of community and public health nursing** to provide both the methods and the knowledge you need to gather, analyze, and evaluate data as evidence for community health practice decisions.
- **Case studies in every chapter** give you an opportunity to apply community health concepts to real life scenarios, stimulating your critical thinking and analytic skills.
- **Coverage of health and cultural disparities**, including ways to modify health care delivery systems to meet specific needs, is reflected in case studies, practice concerns, and evidence-for-practice examples.
- **Concrete examples** that present the scientific basis for nursing practice help you interpret and apply statistical data.
- **Practice Points** highlight essential facts relevant to evidence-based practice.
- **Chapter Highlights** provide brief outlines of the content, allowing you to read with a purpose.
- **Boldface Key Terms** define essential concepts and terminology.
- **Objectives** list the observable changes expected when you complete the chapter.
- **Chapter-ending Key Concepts** summarize the chapter's important concepts and are ideal for review
- **Evidence-for-Practice Briefs** provide examples of objective evidence obtained from research studies that provide direction for practice.
- **Student Perspectives** showcase stories from nursing students who share their own experiences and reflections.
- **Critical Thinking questions** in every chapter require you to combine research, context, and judgment in your answers.
- **Healthy People 2020 information** includes national and state activities and goals that reflect the national Healthy People 2020 objectives.
- **Community Resources sections** list sources of help or information that are available in most communities.
- **Ethical/Legal Issue vignettes** demonstrate unique ethical and legal concerns in community and public health nursing.
- **“How to” boxes** provide the specific steps involved in completing important tasks.
- **Levels of Prevention boxes** provide examples of primary, secondary and tertiary prevention of disease and illness.
