Will a griefer destroy Steve's hope of winning the elite building competition?

In this third installment of the Minecraft Gamer's Adventure series, Steve is invited to participate in an elite building competition on Mushroom Island. His friends—Max, Lucy, and Henry—are impressed and want to join their friend on a journey to the island. Yet not everyone is happy: Steve's neighbor Kyra is upset because she wasn't chosen as a contestant. Steve asks Kyra to come to the competition and help the gang build boats to get to Mushroom Island. She agrees, and the group sets out on an adventure to the contest. Getting there is half the fun, and the group treks through the jungle, where they find a rare temple filled with treasure! But getting the treasure isn't easy, and they have to fight fierce battles to continue their journey.

After their exhilarating and rewarding journey to the contest, they finally make their way onto the island and meet the judges, as well as the other four contestants, whose egos are as big as the houses they are building. Steve builds his dream house to impress the judges, but just as they begin judging, the island is overrun with Endermen. Mushroom islands are known for not having hostile mobs, so everyone knows it's the work of a griefer. Is it one of the contestants? Nobody knows, but they all have to work together to battle this invasion of the Endermen.

Will they be able to defeat the Endermen and find out who the griefer is? And who will win the building contest? Find out in this thrilling third installment of the Minecraft Gamer's Adventure series!
