Based on new archaeological discoveries, EA 101 is a compendium of conversations that delve into pressing issues peculiar to our times. The author interviews the historic god Ea, who surprises us with persuasive arguments that stir to its depth our cultural moorings. Scholar Krsanna Duran: "It's been six years since I looked at your talks with Ea. Things he said about me were merely puzzling in 2003. I was astounded today to realize how his many indications have played out in these intervening years. The puzzles have fallen into place and the observations have aligned in a marvelous way." Internationally recognized expert on ancient Sumer, Zecharia Sitchin quoted Ea, or Enki, from cuneiform tablets, in "The Lost Book of Enki," Bear & Co., 2002: "The will of the Creator of all is clear to see: On Earth and for Earthlings, only emissaries we are. The Earth to the Earthlings belongs, to preserve and advance them we were intended! If that is our mission here, let us accordingly act!" EA 101 furthers Ea's mission, "to preserve and advance" Earthlings on Earth.
