Ecology: The Economy of Nature, Seventh Edition Robert E. Ricklefs, Rick Relyea

With this dramatic transformation, a landmark text that helped define the introductory ecology course for over four decades becomes the first textbook to fully embrace the challenges and opportunities of teaching ecology today. The Economy of Nature, Seventh Edition maintains this book's signature evolutionary perspective, coverage of population genetics, and emphasis on the quantitative aspects of the field, but it has been completely rewritten for today's undergraduates—with extensive new pedagogy, fresh, immediate examples (including more aquatic coverage), and full realized, fully integrated media resources.
