From Hegel to Existentialism Robert C. Solomon

Robert Solomon, widely recognized as a leading authority of continental philosophy and respected as a philosopher in his own right, here brings together twelve of his published articles focusing on key issues in the writings of major continental philosophers including Hegel, Nietzsche, Kierkegaard, Sartre, and Camus. The essays not only shed light on the thought and interrelations of these writers, but also develop a set of provocative and forcefully argued original theses, and encapsulate some of the central ideas of Solomon's most important books.
