In reality, your money problems may not be money problems at all. As Dr. Bernard E. Poduska points out in *Till Debt Do Us Part*, most financial problems are actually behavior problems. If you can identify the behavior problems - and the emotions behind the behavior - you will be well on your way to solving your financial woes. Unlike books that emphasize balance sheets and budgets, *Till Debt Do Us Part* explains the interaction among finances, feelings, and family relationships. Only by examining that interaction can family members establish a successful financial management program.
