Genesis: Secrets of the Bible Story of Creation Rudolf Steiner

Here we have a vivid description of the experiences and images evoked in the old Hebrews by the very sounds of their ancient language. The days of creation are compared with the description of evolution Rudolf Steiner gives in Occult Science -- An Outline and Theosophy of the Rosicrucian. They comprise the repetition of condition that preceded the solidifying of the Earth. The depth of detail gives a new dimension to the biblical story and to the creation of man as a spiritual being before he descended to take on a fleshly body. One is left with a feeling of awe at the sublime picture of the deeds of the Elohim and other hierarchies.
