Powerful and enlightening. *How to Overthrow the Government* is an impassioned call to arms from one of America's sharpest and most independent commentators. In its pages Huffington breaks away from the party-line platitudes of Republicans and Democrats alike while challenging Americans to rise up and take back their government. From the power of special interests to the ravages of the war on drugs, Huffington offers radical yet viable strategies for reclaiming our nation from the corporate and political powers that hold it hostage. For, as she argues, if We the People are to preserve and protect our more perfect union, we must stand up and fight for our country -- before it's too late.
