Statistics, Books a la Carte Edition (12th Edition)

James T. McClave, Terry T Sincich

Statistics, Books a la Carte Edition (12th Edition) James T. McClave, Terry T Sincich

This edition features the exact same content as the traditional book in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value—this format costs significantly less than a new textbook.

Classic, yet contemporary. Theoretical, yet applied. McClave & Sincich's **Statistics** gives you the best of both worlds. This book offers a trusted, comprehensive introduction to statistics that emphasizes inference and integrates real data throughout. The authors stress the development of statistical thinking, the assessment of credibility, and value of the inferences made from data.

The **Twelfth Edition** infuses a new focus on ethics, which is critically important when working with statistical data. Chapter Summaries have a new, study-oriented design, helping students stay focused when preparing for exams. Data, exercises, technology support, and Statistics in Action cases are updated throughout the book. In addition, MyStatLab will have increased exercise coverage and two new banks of questions to draw from: Getting Ready for Stats and Conceptual Question Library.

Ideal for one- or two-semester courses in introductory statistics, this book assumes a mathematical background of basic algebra. Flexibility is built in for instructors who teach a more advanced course, with optional footnotes about calculus and the underlying theory.

This package contains:

- Books a la Carte for Statistics, Twelfth Edition
